regis.he@stern.nyu.edu | New York, NY 10002 | +1 (669) 281-9387

EDUCATION

New York University, Leonard N. Stern School of Business **New York, NY**

B.S. in Business, Concentrations in Finance and Data Science *Expected May 2029*

GPA: 3.90/4.00 | **Relevant Courses**: Calculus I and II, Databases for Business Analytics, Data Science with Python, Financial Accounting

PROFESSIONAL EXPERIENCES

Patlytics **New York, NY**

Strategy and Operations Intern *Aug 2026 – Oct 2026*

- Examined 36 European law firms, identifying 27 confirmed competitor customers and 9 with competitor engagement for BDR targeting
- Compiled 2 prospecting databases tracking European patent firms across 5+ data points: region, size, contact info, and LinkedIn activity
- Investigated 12 European IP events, tracking organizers, speakers, sponsors, dates, and locations, while supporting personalized outreach

Live Viewing Entertainment **Singapore**

Financial Analyst Intern *Nov 2025 – Jul 2026*

- Built out detailed financial models forecasting revenues, costs, and cash flows for 15+ live event broadcasts, supporting profitable events
- Analyzed ticket sales and attendance data across 25+ live events and 10+ different cinema markets, identifying the top-performing genres
- Researched marketing tactics using performance data, contributing to adjustments that increased conversion rates by 10% and overall sales

Touch 3 Volleyball **Santa Clara, CA**

High Performance Coach *Jun 2022 – May 2025*

- Directed the development of 30+ youth athletes, creating tailored practice drills that improved player skill sets and on-court performance
- Coordinated closely with 14 assistant coaches, streamlining training approaches and ensuring consistent athletic instruction for all players
- Served as the main liaison between 40+ parents and 10 coaches, strengthening trust and improving overall youth program retention rates

PROJECTS

VerAItas | *TypeScript (React, Vite, Tailwind CSS, Hono), Node.js, True Markets API* *Oct 2026*

- Devised features that converted the last 30 days of crypto price swings into dollar risk and exposed hidden spread costs before every buy
- Integrated a Beginner Mode with an AI agent explaining any price moves across 20 tokens, plus take-profit and stop-loss auto-sell orders

CS2 Integrity Watch (IBM Z Datathon) | *Python (Pandas, NumPy, Scikit-learn, XGBoost), IBM LinuxONE, Polymarket API Sep 2026*

- Assembled minute-by-minute betting odds for 665 pro CS2 series from 2 sources, verifying 100% agreement with the final match results
- Partnered with 3 teammates to engineer an IBM LinuxONE match-fixing detector comparing betting and in-game odds on 1,000+ maps

Portfolio Risk Analyzer | *TypeScript (Next.js, Recharts), Yahoo Finance, SEC EDGAR* *Jul 2026*

- Programmed a dashboard scoring portfolios on 4 risk metrics (volatility, beta vs. SPY with R^2, drawdown, correlation) plus a reverse DCF
- Designed an options screen ranking 32 tickers by implied vs. realized volatility, and built a 13F tracker monitoring 19 institutional holders

LEADERSHIP & EXTRACURRICULAR ACTIVITIES

Phi Chi Theta Professional Business Fraternity **New York, NY**

Vice President of Social Affairs *Nov 2025 – Present*

- Organized 5+ networking and social events with 80+ attendees each, including a collaboration with the Cornell chapter of Phi Chi Theta
- Developed a mock company with a full business plan, and completed a 4+ person group product case study for improving Uniqlo's app

NYU Product Management Club: BrainStation Case Competition **New York, NY**

Top Three Finisher *Nov 2025*

- Presented a prototype application that used image analysis to assess food quality and reduce food waste by scoring each item from 1-100
- Collaborated with a 4-person team to identify target user groups, pain points, solutions, key metrics, and the full cost impact analysis plan
